### Impact Project Stories

As a knowledge platform in the sector, we cover the initiatives of various organizations/ change-makers, innovations who are creating high impact, and bringing change in the development landscape through their initiatives.

Here are the latest stories from this week!

---

## **Anushruti Academy for the Deaf: Integrating the Differently Abled Seamlessly**

Roorkee in Uttarakhand is endowed with immense natural beauty on the one hand and technological innovations and research via its famous Indian Institute of Technology (IIT), on the other. Amidst such blessings is a school dedicated to the development of children who are no less endowed with eagerness to explore their learning abilities. Right inside the campus of IITR is a school, Anushruti Academy for the Deaf [AAD], run as the social initiative of IITR for more than three decades now. Operative in and around Roorkee, with deaf children even coming beyond 80 km to the campus, AAD is the source of inspiration for many ever since.

## **First Step towards Access of Safe Water**

A baseline survey was conducted by the Impact Assessment team of Sarvajal that threw up many important stats. It showed 94% of the surveyed households were highly dissatisfied with the quality of drinking water and lack of access to safe drinking water. This challenge was addressed by IndusInd Bank under Hinduja Foundation's flagship program Jal Jeevan project. Adopted Kotra village with PIRAMAL Sarvajal, a social enterprise working specifically towards safe, accessible and affordable drinking water by leveraging technology. In all, IndusInd Bank has adopted 35 villages in 5 districts of UP and Rajasthan by setting up community-level purification plants with Water ATM.
